

## Ozone Treatment System (O<sub>3</sub>) for Private Outdoor Swimming Pools

Water treatment for private outdoor pools by Ozone (O<sub>3</sub>). 100% natural system that allows cost reduction, either due to the need for consumables or the need to change water.

### Advantages:

- Natural disinfection process;
- Increases Redox Potential (ORP);
- No smell or taste;
- Does not change the pH of the water;
- Low energy consumption;
- Allows 100% chlorine reduction;
- Reduces chloramines;
- Purified water, more blue and crystal clear;
- Ideal for people with skin problems or a chlorine allergy.

### Standard Models:

They allow the treatment of private, outdoor swimming pools with a water volume of up to 200 m<sup>3</sup>. Select the model suitable for you depending on the volume of water in your pool.

| Model        | SSO-O3-02GPOOL01    | SSO-O3-05GPOOL01                       | SSO-O3-10GPOOL01                        | SSO-O3-20GPOOL01                         | SSO-O3-40GPOOL01                         |
|--------------|---------------------|--|---|--|--|
| Ozone Output | 2 g/h               | 5 g/h                                  | 10 g/h                                  | 20 g/h                                   | 40 g/h                                   |
| Water Volume | ≤ 25 m <sup>3</sup> | 25 m <sup>3</sup> to 50 m <sup>3</sup> | 50 m <sup>3</sup> to 100 m <sup>3</sup> | 100 m <sup>3</sup> to 150 m <sup>3</sup> | 150 m <sup>3</sup> to 200 m <sup>3</sup> |
| Supply Gas   | Ambient Air         | Ambient Air                            | Ambient Air                             | Ambient Air                              | Ambient Air                              |

For pools with a greater than 200 m<sup>3</sup> water volume contact us in order to receive personalized clarifications adapted to any volume or flow.

### Included:

- Ozone Generator (2g/h);
- Mixing System;
- Thermal Protection;
- Light indicator;
- One Way Valve;
- Silicone tube;
- User Manual.
